## A Year Later

On St. Patrick's Day I celebrated a year as pastor. It has not been as definitive a role as in other congregations given our unique circumstances. I started out temporary and was temporary until November when MIF assured us they were not going to close our doors and Bishop Mary said I could stay. There is a group working on the Congregational Profile to describe the congregation, the needs of the congregation and the vision of the congregation. Assuming the Congregational Profile matches my Pastoral Profile, I can be installed as pastor and this transition time will be over.

I think there is value in taking this step by step. I said on Sunday that Bishop Mary had a quote on her blog regarding her bike riding treks, "You can get anywhere if you go slow enough". I think it is true for congregations as well. And hopefully, if we are responding to the winds of God's Spirit, we are always in transition, always finding new ways to experience and share God's unconditional love.

In the last year we have been able to:

- bring the books back into the office (crucial for our financial health),
- paid off all old debts including the credit card.
- cut up the credit card.
- website up and running, updated regularly.
- restructured staff role.
- Created a sustainable budget
- Started paying monthly on our MIF loan, making eight out of the last twelve payments
- Revamped the Food Pantry
- Updated rental agreements
- Begun updating our signs
- Started to advertise

I said last spring that it takes a minimum of two years to "turn around" a church. Now that the hard work is done, we turn to the exciting and daring work of reaching out. I believe three things are needed to "turn around" a congregation. The first is a vision, then a structure that supports that vision and then the willingness of the community gathered to reach out, trusting the winds of God's Spirit to guide the process. May this be the windiest spring ever!

# St. Mark's Food Pantry

Tuesday 10 a.m. - Noon & Thursday 5:45-7:45 p.m.

On Tuesday April 8<sup>th</sup> the Roundy Corporation is giving the St. Mark's Food Pantry 3,000 pounds of food and a check for \$500! Woohoo! We also want to celebrate All Saint's Lutheran, Midvale Lutheran, St. Matthew's New Life Lutheran Church and Trinity United Methodist for their ongoing food pantry collections and drop offs. Thanks to them we had a greater variety of food items to share this long and cold winter.

The food pantry is still in need of cans of pineapple and cans of chicken noodle soup.

We had our first Creative Writing class on March 20<sup>th</sup>. It was great fun. Learning about creative non-fiction as a way of writing can assist us in our spiritual journeys whether our medium is journaling, writing poetry or writing our very own parable. We meet again on April 5<sup>th</sup> from 9:00 to 10:30. Our facilitator Sandi Reinardy does a great job. Coffee and treats are provided. Feel free to bring a friend.

You are welcome to drop in but it would also be great to have people register. Email me at [stmarks@tds.net](mailto:stmarks@tds.net) if you would like to participate.

## **Council Corner**

The Peace of the Lord Be With You,

Last month I wrote about getting ready to attend the 2014 LEAD meeting. This was my first LEAD conference and it was GREAT! There were over 300 people in attendance and it was an incredible experience sitting in worship with that many folks. The Keynote speaker was Rozella White, ELCA Director for Young Adult Ministry. She spoke about the characteristics of the Millennial Generation (people born between 1982 and 1995). It is thought there are about 80 million millennials which make them the largest generation in American history. Thus it is important we understand who these people are and what some of the characteristics of this group are. One of the most interesting observations about this group is that about one third is under age 30 and are unaffiliated with a community of faith. Clearly this is a group that merits our attention as we begin reaching out.

The first workshop I attended was Welcoming and Affirming All the Members of your Congregation. This workshop focused on the congregational make-up of churches these days. For instance, do we still think in terms of the traditional nuclear family when we talk about congregation members? For example, what do we mean when we use the term “spouse”? Do we use language which assumes heterosexual relationships? Do we make public statements that are not partisan but faith based and advocate for all? Roles and social attitudes are changing and, as a church, we need to keep up with these changes. Sometime this means re-examining how we think and the language and images we use.

The second workshop I attended was Celebrating Mission. In this workshop they stated that one of the primary focuses of the synod was outreach and that the synod will be working with congregations to enhance outreach. The synods vision can be summarized as Care, Connect and Equip as we move ahead together in mission.

My third workshop was Between Sundays - Using sites like Facebook and YouTube and Websites to Engage Active Congregants and Seekers. This workshop focused on using electronic outreach like web pages and Facebook to reach both members and nonmembers. The presenters stressed keeping your website up to date and using pictures to show events. Change content frequently and be sure to post events, updates and devotionals.

As my first LEAD conference I was very impressed with the quality of the presentations, the lively worship experience and the hard work of the Synod staff to pull this off!

Yours in Christ,

Lynn Miller
